2022 Annual Fishing Contest Rules

1. Fish must be caught legally by only one person in Oregon or Washington waters open to the public or to all club members, and in accordance with Oregon and Washington Sport Fishing Regulations.
2. All entries must be received within 30 days of catch; fish caught in December must be recorded by January 1st of the following year.
3. Fish can only be entered into either the Boat or the Bank Anglers Contest, but not both. Both contests shall be judged by species and fish length only; longest fish wins per species.
4. All members of OBPC in good standing are eligible.
5. **How to measure:** Close fish's mouth and measure from the tip of the jaw to tip of the tail to the nearest sixteenth (1/16) inch; this is the total length. **Fish must be laid flat on top of the measuring device.**
6. **Photographs:** A clear side-view photograph showing the entire fish and its length measurement as it lays flat on top of the measuring device must accompany the entry with one witness verification; or there must be two witnesses if no photograph is available. The angler catching the fish is considered one witness. **Please Note:** A photograph is required for ALL EXCEPTIONAL LENGTH (PIN FISH) entries and must show the entire fish and its length per the above requirements.
7. A clear photograph showing side view of fish is required for entries of *Smallmouth Bass*, *Channel Catfish*, and *Pumpkinseed* (unless witnessed by the Contest Director or an agent appointed by him) to help clearly identify the fish.
8. OBPC Contest Director shall have final decision governing all entries.
